

Curriculum Vitae(CV)

VEDANT RAJESH PATIL

Computer Engineering Diploma Student

Phone: 9420615099

Email: vevepatil2016@gmail.com

Location: Vasai (W), Palghar, Maharashtra, India

Professional Profile

Motivated and enthusiastic Computer Engineering diploma student specializing in Cloud Computing and Big Data. Passionate about web development, UI/UX design, and artificial intelligence. I enjoy transforming ideas into interactive, user-friendly digital products while continuously expanding my technical knowledge. My goal is to contribute to innovative software projects, strengthen my development skills, and grow into a full-stack and AI-focused engineer.

Career Objective

To obtain opportunities where I can apply my technical knowledge, collaborate with experienced professionals, and contribute to impactful software solutions. I aim to build expertise in modern web technologies, cloud computing, and artificial intelligence while delivering high-quality work and continuously learning.

Education

- Diploma in Computer Engineering (Cloud Computing & Big Data)
Vidyavardhini's Bhausahab Vartak Polytechnic, Vasai (Pursuing)
- Class 10 (CBSE)
Notre Dame School, Vasai

Technical Skills

Programming: Python, C, C++, Basic JavaScript

Web: HTML5, CSS3, Responsive Design

Design: UI/UX, Figma

Tools: VS Code, Git, GitHub

Projects

DreamMirror – AI-Based Dream Visualization

Designed a prototype that uses AI concepts to visualize dreams from user input.

Contributed to user-flow planning, interface design, feature structuring, and concept development.

Aarogya Setu Website Reconstruction

Recreated the Aarogya Setu website during a hackathon using HTML, CSS, and JavaScript with a responsive, modern interface.

Portfolio Website

Developed a personal portfolio showcasing projects, technical skills, and achievements.

Mind Reader Game

Built an interactive web-based mind reading game with engaging UI and logical gameplay.

Number Guess Game

Created a browser-based number guessing game featuring score tracking and interactive gameplay.

Hackathons & Experience

Bit N Build Hackathon (Front-End Developer)

Worked in a team to redesign the Aarogya Setu website with emphasis on responsive layout, usability, and clean front-end implementation.

Strengths

- Quick learner
- Problem-solving mindset
- Team collaboration
- Creativity in UI design
- Strong willingness to learn emerging technologies
